Rhythm game suggestion I:

Face partner. Clap on beat (quarter notes) flip flop style

(//:Left hand up, right hand down, left hand down, right hand up//:)

Every time the song sings "houses" partners raise hands and clap each others' hands on eighth notes (x -x) then return immediately to flip-flop pattern with partner.

On the last measure partners clap each others' hands on the beat.

Rhythm game suggestion II:

Play as above except gather in groups of 3 or more (Large circles work)

Each person claps the hands of the person next door.
