Words & Music by Judy Fjell © 2014

1. She's go-in' far a- way a-cross o-ceans and bor-ders, she's go-in' home, she's
 go-in' home Her fam-ily and friends will greet her once a- gain she's go-in' home she's
 go-in' home And what will she take a - long On a jour-ney so dan-ger-ous and
 long Well, there's al-ways room for a song_ when you're go-in' home_ You're
 go-in' home There's al-ways room for a song_ when you're go-in' home_

2. She was lost in the world, couldn't find her way, lookin' for a home, lookin' for a home
 But she followed her heart and found one day that she was goin' home, goin' home
 And how did this grace arise? Just what did her spirit recognize?
 Well singing brought her back to life and now she's goin' home, she's goin' home
 Singing brought her back to life and now she's goin' home

3. A dear friend of ours was swept away, Was she goin' home? Was she goin' home?
 She was dancin' and dreamin' on her dyin' day Was she goin' home? Was she goin' home?
 She left so much behind, treasures for each of us to find
 And when we sing her melodies and rhymes, we're goin' home, we're goin' home
 When we sing her melodies and rhymes we're goin' home

4. When you leave these mountains you'll be takin' us along, goin' home, goin' home
 We'll be right there beside you singin' every song, goin' home, goin' home
 Yes, we're side by side in all these songs, our harmonies carry us along
 And our voices are beautiful and strong when we're goin' home, we're goin' home
 Our voices are beautiful and strong when we're goin' home
